MISS GLAZIER HONORED AT NATAL FETE

Miss Zelma Glazier was honored at a birthday party held recently at her home, 231 Fourth street. Games were enjoyed during the evening and refreshments were served.

The guests included Anna Belle-garde, Elsie Lindset, Jane Belle-garde, Catherine Doolittle, Georgia Celio, Martha Wood, Antonette Selzer, Adeline Swensen, Iola Housman, Zelma Glazier, Elton Williams, Melvin Vedo, Gerald Ayers, Clifford Davies, Charles Reynolds, Jack McKune, Leonard Lewis and Miss Glazier.

CLUBWOMEN TO ENTERTAIN AT CARD PARTY

The Richmond Federated clubwomen are sponsoring a big party Thanksgiving night, to be held in the Richmond clubhouse Thursday night. Both bridge and whist will be played during the evening, with a prize for every other table and a \$5 door prize.

The South Richmond Improvement club, Club Mendelssohn and the Richmond club are sponsoring the party. Mrs. Ben Howden, Mrs. C. O. Bryant and Mrs. Laura Kent will be in charge.

Vets Prompt To Pay State Loans

SACRAMENTO, Nov. 11.—(U.P.)—Veterans of California who borrowed money from the state to purchase farms or homes under the Veterans Farm and Home Loan act are not delinquent in their repayments to any serious degree.

John R. Quinn, director of Military and Veterans Affairs, told Governor Young this week that more than 85 per cent of the state's contracts with veterans are current, and of those delinquent the average delinquency is less than \$75.

"The Division of Veterans' Welfare has made a total investment to Oct. 1, of \$32,317,143.09," Quinn said. "During September, the total investment was \$298,975, and for October, \$331,930."

ADELINE and ALCATRAZ

KILLER OF TOTS THREATENED BY MOB

CAMDEN, N. J., Nov. 11.—

UP—Hoisted and jeered by an angry crowd which trailed menacingly behind her, Gladys May Parks, a robust woman of 35, accompanied detectives to a wooded grove in National Park late today and demonstrated how she had dumped the body of four-year-old Dorothy Rogers into a clump of underbrush. She is charged with murdering Dorothy and Dorothy's two-year-old brother, Timothy Rogers.

Men shook their fists at the woman and epithets flew thick and fast.

But Mrs. Parks, who used to throw a lemon in a third rate movie house in West Virginia, remained unflinched. She paid no heed to the throng nearly a thousand persons and proceeded to remove the disposal of Dorothy's body without so much as a glance of the line.

Shows \$44

Before going to National Park, the officers took Miss Parks to Alameda where she pointed out to them the spot where she had thrown the body of the boy. This.

The woman continues to deny that she killed the children, insisting that they both met with accidental deaths and that she disposed of the bodies secretly because she was afraid she would be suspected of murder.

Meanwhile, a new angle entered the case. Detective Sergeant Shaw of the Camden police department said he had affidavits from six men all of good standing in their home communities that Miss Parks used the two children as a means to blackmail them.

Got Large Sums

She obtained large sums of money from these men, Shaw said, after representing that the children were theirs.

Dorothy and Timothy Rogers were the children of Allen Rogers, of Woodbury, N. J., a relative by marriage to Miss Parks. When the mother of the children died, Miss Parks offered to take the two youngest of six children and raise them herself. The father agreed to the arrangement.

Miss Parks, who has been living with Anthony Bika, a laborer "State Parks" and will describe operation of the air beacon at Mt. Diablo.

Mrs. Nelson Holderman, of Yountville will tell of the needs of war veterans and will introduce a blind veteran who will give a short talk and show articles made by the veterans.

The drama section of the Richmond club will give a short play, "Federation." Music for the day will be under the direction of Mrs. Charles Herzig, of Martinez, the county chairman of music.

Mrs. Francis Kent, as president of the Richmond club will welcome the out-of-town visitors.

A luncheon will be served at the clubhouse at noon.

Aid For Land Show Requested

As chairman of the county co-operation committee for the California Land Show to be held in Los Angeles, March 8-23, Glenn D. Williams, state secretary of the California Real Estate association, has written to the president of each local real estate board in the state, asking him to appoint a committeeman to assist in the work. These local members will comprise the county cooperation committee.

In addition, the chairman has written each county supervisor and each county horticultural commissioner asking that they lend their support to the project which is intended to benefit all of California.

The show is to be held under the auspices of the Los Angeles Realty Board. Edwin G. Hart is general chairman.

Mate Admits Branding Wife

BERKELEY, Nov. 11.—UP—

Authorities said tonight that Charles N. Silva, 24, of Oakland had admitted "branding" Mrs. Mabel Pennington Clarno with a hot iron after giving her chloroform. They said he claimed he was jealous of the woman. Silva was being held in the jail here on an open charge.

Ford Plant Opens As Strike Ends

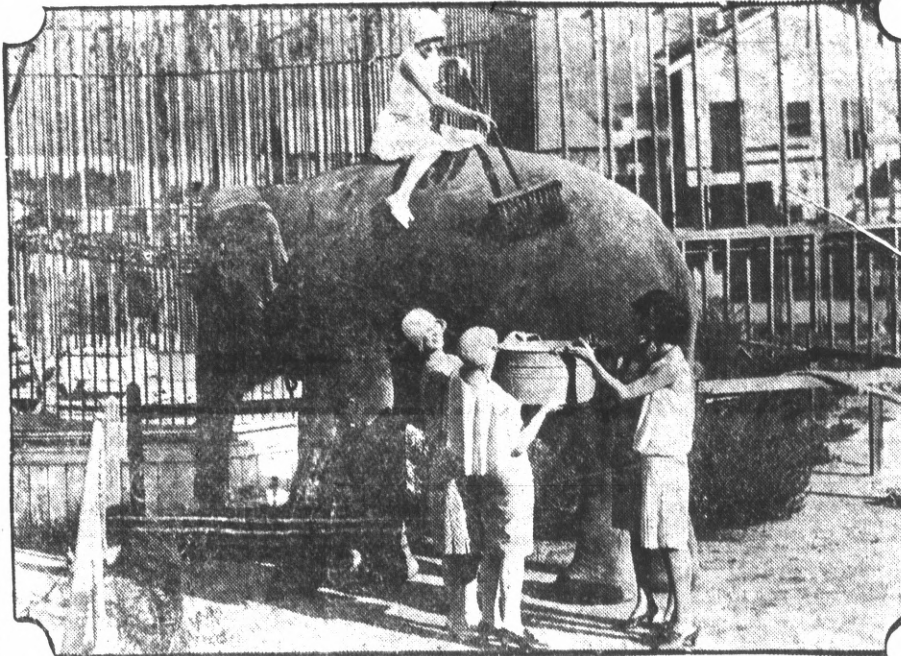

MEXICO CITY, Nov. 11.—(U.P.)—

The Ford Motor company assembly plant reopened here today after a strike, which stopped operation for two weeks, had been declared illegal by the federal arbitration board.

The board found that the employees, by a majority of five, had opposed the strike.

On reopening, those who opposed the strike were taken back by the plane.

Doing Something Big

"MINNIE" thinks she is having her back scratched, but in reality she is getting all cleaned up to make her first appearance in society. Her debut will take place during the Beverly Hills society circus.

May Come To U.S.

SIR OSWALD MOSLEY, rich and brilliant young labor member of Parliament is likely to be appointed as British Ambassador to the United States to succeed Sir Esme Howard. He is shown with his wife, the former Lady Cynthia Curzon.

Alpha Masons To See Films Of World War

A seven reel moving picture, entitled "The War of Action" will be given in the Lincoln auditorium tonight by the Alpha Masonic lodge. The lodge will be host to all masons, their families and friends who wish to view the production.

The picture was taken during the World War by the Signal Corps of the United States, and will be presented under the direction of Staff Sergeant Morton A. Charles of the Presidio of San Francisco.

Women Suffering Bladder Irritation

If functional bladder irritation disturbs your sleep, or causes burning or itching sensation, backache, leg pain, or muscular aches, making you feel tired, depressed and discouraged, why not try the Cystex 48 Hour Test? Don't take up your Cystex today at any drug store. Put it to the test. See for yourself how quickly it works. Note how it doesn't work quick improvement, and cures you completely. Try Cystex today. YEOMEN HOLD SESSION AT CONN HOME

A special meeting of the Richmond Home-End of Yeomen, was held last night at the home of Mrs. Dorothy Conn, 3211 Garvin street. The meeting was called at Mrs. Conn's home on account of Armistice Day.

Plans for the Booster's meeting which will be held in the Odd Fellows hall on Nov. 23, were made. The booster's meeting will bring together all the Yeomen of northern California and the Richmond lodge will act as host to the companion lodges.

After the meeting Mrs. Conn served refreshments and the remainder of the evening was spent in social events.

TRAVEL PICTURES TO BE SEEN BY ST. ANDREWS

The Saint Andrews society of Richmond, will hold its monthly social evening tomorrow in the Richmond clubhouse. The meeting will be presided over by W. MacDonald.

C. C. Kratzer, who has recently returned from a tour of Europe, will show moving pictures of his trip. At the meeting, which will be attended by visitors from Oakland and San Francisco, refreshments will be served and the evening will be spent in dancing. "Macs" orchestra will provide the music.

Missionary Group To Attend Meeting

A number of members of the Foreign Missionary Society of the Wesley Methodist church will go to San Francisco tomorrow to attend an "echo" meeting of the national conference held recently in Columbus. The meeting will be held in Trinity Church, San Francisco.

St. Edmunds Guild To Meet

Members of the St. Edmund's Guild will be entertained this afternoon at two o'clock at the Guild hall. All members have been requested to be present.

State Cares For 102 Japanese

SACRAMENTO, Nov. 11.—(U.P.)—A total of 102 Japanese are being cared for by the State of California in its various county institutions. It was disclosed here today by Mrs. Anna L. Saylor, director of the Department of Social Welfare.

Of this number, 96 are in county hospitals and six in county jail. Mrs. Saylor said.

The survey was compiled by the state at the request of Major Ko-A Vocational Guidance dinner held by the Japanese community in San Francisco. Mrs. Saylor said that the information collected, the information she obtained by sending a short questionnaire to all county hospitals, county farms and county jails.

Lindemanns At S. F. Services

Rev. and Mrs. C. G. Lindemann and I. I. Johnson and Mrs. Woodcock were in San Francisco Sunday, attending the completion.

Boys Hi-Y In Plans For Coed Party Nov. 21

The Richmond Boys Hi-Y plan to hold a coed party at the Y. M. C. A. hall on Nov. 21. Plans for the affair were formulated at a meeting of the executive committee of the organization last night.

Several other social events are scheduled for the remainder of the season by the Boys Hi-Y state at the request of Major Ko-A Vocational Guidance dinner held by the Japanese community in San Francisco. Mrs. Saylor said that the information collected, the information she obtained by sending a short questionnaire to all county hospitals, county farms and county jails.

COLLEEN MAKES DEBUT IN TALKIES

Theater patrons will be given their first opportunity to hear Colleen Moore's voice today, when "Smiling Irish Eyes" hits all talking and singing Vitaphone picture, opens at the Fox-California theater today.

Colleen is making her debut under auspicious circumstances as "Smiling Irish Eyes" is a special production, filmed at a tremendous cost and represents the highest achievement to date in talking pictures. Not only does Miss Moore speak in this First National Vitaphone production, but she sings several songs, written especially for the picture.

The story "Smiling Irish Eyes" has the beautiful Irish countryside as a background, almost the entire picture having been photographed in outdoor locations. Miss Moore portrays a little Irish peasant girl and all her speech is tinged with a soft, brogue. James Hall her leading man, sings in this Vitaphone special which John McPherson directed. Others in the supporting cast include Claude Gillingwater, Agate Herrington, Robert Horans, Robert Francis, Robert Emmett O'Connor, John Johnston and Tom O'Brien. "Smiling Irish Eyes" was directed by William A. Wellman.

Also on the program is a talking comedy "Beach Babies."

Stubborn Horse Involved In Suit

ANDERSON, Nov. 11.—A horse, and his ability or inability to perform as a horse should, was the center of a stirring legal battle here.

W. A. Eastman told in court how he purchased a horse from T. Lovejoy on the guarantee that the horse not only knew his stuff but could do it. A check for \$100 changed hands in the transaction.

When Eastman got home he hitched the horse to a derrick, but the horse thought it was a stable. He wouldn't move an inch.

So payment was stopped on the check by Eastman and Lovejoy brought the suit. The judge took the case under consideration.

School Plans Must Get State Approval

SACRAMENTO, Nov. 11.—UP—School trustees must submit plans for school buildings to the State Department of Education for approval, even though they are located outside incorporated cities.

Virgil Kersey, superintendent of public instruction, has been notified of this opinion by Attorney General U. S. Webb. Kersey asked Webb for an interpretation of the law, after a school district had declined to submit building plans. The district claimed the trustee had discretion in the matter of school buildings.

The decision was based on the fact that the legislature giving power to the education department in this respect is a proper exercise of police powers.

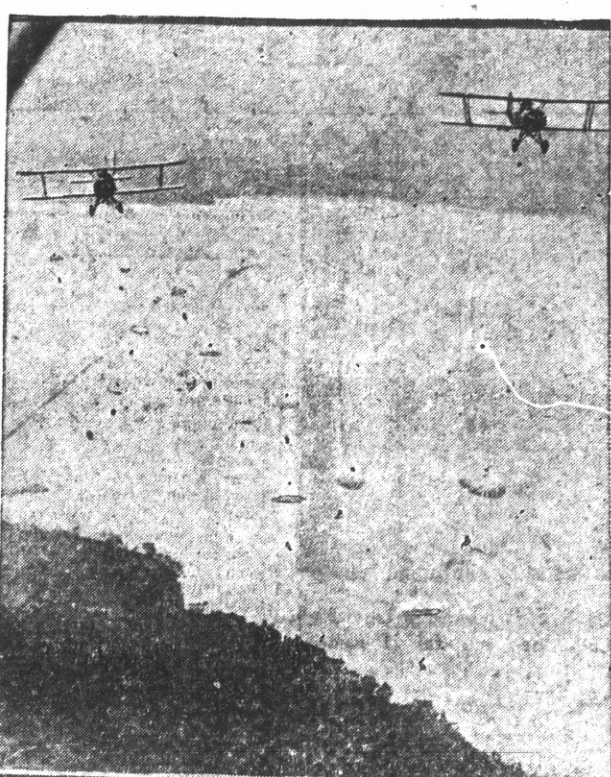

\$92 Stolen From Local Home Sunday

According to a report to the police by Charles Cordo, 15 Fifteenth street, \$92 was missing from a salt box in the kitchen of his home when he and his wife returned from Berkeley Sunday night. Evidence that the house had been ransacked for other valuables was found, but no clues to the identity of the thief were discovered.

Burglar Kills Prize Terrier

REDWOOD CITY, Nov. 11.—UP—Shot by a bandit who was trying to break into his master's home, Philco, a terrier that has won blue ribbons at California shows for 12 years, died today. Philco's barks and bites prevented the robber from entering the house.

12 Take Jump

TWELVE officers and enlisted men of the Naval Air Station at Anacostia, Washington, are shown making a simultaneous leap from a tri-motored plane while in flight over the field. The leap was made in 10 1/2 seconds, as thousands looked on.

RAGS WANTED—THE RECORD-HERALD

RECORD BLAST ON P. G. E. PROJECT

JACKSON, Nov. 11.—One of the largest blasts ever known to have been set off in this part of the country was recently fired at the Salt Springs project of the Pacific Gas and Electric Company, 50 miles east of Jackson, Amador County, to loosen rock used in the dam now being erected on the Mokelumne River. This dam when completed will be the largest rock-filled structure in the world, with a total height of 360 feet, 1320 feet in crest and 960 feet thick at base. The total yardage in the dam will be 3,000,000 yards of solid granite. The wall itself was of solid granite, 1,000 feet long, 45 feet thick and 160 feet deep.

To make the blast 41 holes, six inches in diameter, 160 feet deep, with enlarged bottoms at the end of the holes were drilled. The holes were 21 feet apart, with about 1 1/2 tons of dynamite in each. Before loading the holes, cordeau, an explosive fuse, was placed in each hole. Each of these lengths was joined with a main line the full length of the holes. The cordeau in the holes was split at the top and joined to the main line. At the top of the face 80 drill holes about 2 1/2 inches in diameter and about 25 feet long were drilled on a slope, so that they terminated about two feet below the level of the quarry floor. Each contained about 100 pounds of dynamite.

The explosion was made electrically. All holes were interconnected with cordeau and electric wires. The total amount of powder used in the blast was 45 tons and a total amount of rock moved was 60,000 tons.

At the present time 400 men are employed at the Salt Springs Project. This work is in charge of E. J. Kurts under the general direction of D. W. Peterson, District Engineer of Construction of the Pacific Gas and Electric Company.

French Delay International Bank Agreement

BADN, Germany, Nov. 11.—UP—Dispute between France and other allies over the distribution of Young plan annuities threatened today to delay for at least a week final agreement on the organization of the bank of international settlement.

There was a possibility, moreover, that it might obstruct the ultimate erection of the bank itself and lead to a repetition of the Hague of the discussion which Philip Snowden, British Chancellor of the Exchequer, precipitated last August when he demanded a larger share of reparations for his country.

The United Press learned from a disinterested source that the situation was "one of actual hard feeling" which the delegates were finding it difficult to discuss in the light of cold reason.

A majority of delegates favored turning the problem over to the second Hague conference. While France opposed such action. The French delegates, after winning an unexpected surprise, to confer with their government regarding the annuities question.

Two Killed, One Hurt In Air Crash

MARSHALL, Mo. Nov. 11.—UP—R. T. McGehee, a commercial flier, was taken from the wreckage of his airplane in which his two flight companions were killed here today, murmuring "turn loose, turn loose." He died within an hour.

Jack Arnold, recent graduate of a flying school, and E. H. Ellis, student flier of Iowa City, Ia., had accompanied McGehee from Kansas City where the latter was an airplane salesman. The ship banked for a landing. Its controls appeared to freeze and it whirled in a spiral to the ground. Arnold and Ellis were dead when the wreckage was torn away from their bodies.

Airport employees, who watched helplessly while the plane roared earthward, said they believed its dual controls had become jammed. The men had come here to purchase an airplane from a Marshall factory.

Many Pay Fines For Bad Eggs

SACRAMENTO, Nov. 11.—(U.P.)—The age-old question, "What makes a bad egg bad?" is being answered by the California State Board of Health through egg investigations now being made in San Francisco and other cities of the state.

During the last few months, according to Dr. Walter M. Dickie, director of the State Department of Public Health, there have been 20 successful prosecutions of the sanitary bakery law. Most of the violators were fined \$10 but in one case the penalty was \$100. Violators of the state egg law were fined \$25 each, and in one case an offender got a 30-day suspended jail sentence.

Lions Club To Honor Officers

Ray Riley, international president of the Lions club, and Samuel Carpenter, district governor, will attend the meeting of the Richmond Lions today in the Hotel Carquinez.

Plans to attend the first meeting of the Golden Council of Lions clubs at El Nido on Nov. 21, will be made at the meeting. The program for today has been arranged by George Barnett.

Has Smiling Irish Eyes

COLLEEN MOORE, motion picture star, makes her debut in talking pictures tonight at the Fox-California theater. Miss Moore stars in

Tour Of Girls Cut Short Here

Two nine year old Richmond girls, names withheld by the police, ran away from home yesterday noon, only to be taken into custody at a late hour last night by Richmond police.

According to police reports, the two girls attempted to rent a hotel room for the night but were refused admittance by the hotel manager.

The two were reported missing by their parents a few minutes before police found them at Fifteenth street and Macdonald avenue. They were returned to their homes.

Protect Your Furniture

A \$1.25 to Rid Your Home of Moths May Save You Hundreds of Dollars.

MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, tie them again.

GUBERNATORIAL CANDIDATES READY

SACRAMENTO, Nov. 11.—(U.P.)—With two declarations of candidacy made officially here today, the 1930 gubernatorial campaign is now under way.

Those who "broke the ice" were State Controller Ray L. Riley, who will be a candidate for Republican nomination for governor, and George G. Radcliffe, former chairman of the State Board of Control, who will seek Riley's job as state controller.

Riley's announcement came as a surprise, as it appeared in a newspaper simultaneously with a statement by Former Governor Phelan W. Richardson, Richardson said that six potential candidates for governor had agreed to meet next week and select one of them to oppose the present Governor, C. C. Young.

What happened is problematical, Riley who confirmed the report published in the San Bernardino Sun while he was on a fishing trip in Shasta county, expressed surprise that the news had leaked out. Whether his good friend, Robert C. Harbison, publisher of the Sun—who has been urging Riley all along to be a candidate—lost the gun by publishing the news prematurely is a question political observers here are trying to figure out.

At any rate, Riley is a candidate, although it is whispered that former Governor Richardson and his attorney, Burton R. Fitts, are none too happy about it. Riley's sudden slogan will be "Let's Tax Laws for California." A change of tax problems, he has long advocated a change in the present system of taxing public utilities on their gross receipts, and that some form of income tax should be used for utilities, which their real property should be turned over to counties for local tax purposes.

Richardson, a genial co-adjutor of the Watsonville Pajaronian, originated the idea of a gubernatorial office while serving as superintendent of capital buildings and grounds from 1911 to 1919. He got his first appointing power from Hiram Johnson, then governor, although he had previously served in the state assembly. During the Richardson regime he was chairman of the State Board of Control.

Now that the first announced names have appeared other candidates are expected to develop in the near future.

Quarantine On Farms Denied

SACRAMENTO, Nov. 11.—(U.P.)—Rumor that portions of nine central California counties, leaders in vegetable production, have been placed under further vegetable quarantine were denied today by the state department of agriculture.

"A quarantine to stamp out vegetable weevil in these counties was promulgated two years ago," said A. C. Fleury, state quarantine expert.

"Last week a slight change, affecting only one district in Santa Cruz county, was made, but the quarantine was neither lifted or extended. It affects sections of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Santa Cruz and Solano counties.

"Growers may precede under the same arrangement they have done for the past two years, without fear of running afoul of the quarantine law."

RICHMOND CAN HAVE 24 HOUR SCHOOL

SACRAMENTO, Nov. 11.—UP—If the citizens of Richmond want a twenty-four hour school in the city's school system, all they have to do is to go ahead and order it.

There is nothing in the law that requires any school district to establish a twenty-four hour school for the education of its maladjusted children, according to an explanatory pamphlet being distributed in Gov. C. C. Young's office, explaining the act, which is permissive.

Use of the terms, "jail" or "reform school" in connection with such institutions was branded "manifestly unfair" in the explanation, which said:

Purpose Told
"The primary purpose of the twenty-four hour school is to prevent children who might otherwise get into serious difficulty from doing so. It aims to provide a good home environment for a group of children for a period long enough to adjust their attitude toward society in such a way that they may go out into their own home or into a foster home and grow up to be decent and respectable citizens.

"It would not take confirmed delinquents who should be sent to state schools, nor would children who might be well cared for in boarding houses be sent to the twenty-four hour school."

Under the law, the principal who feels that a child should be sent to such a school is required to confer with the parent or guardian, and set forth the facts in writing. These facts are then considered by a board of admissions, which is thoroughly representative and would refuse admission to any child unjustly recommended.

No Stigma
"The board of admissions is required to consider each child's case at least twice a year," the explanation continued, "which means that a careful clinical and educational analysis of the child will be made at such intervals, and a thorough report prepared regarding his improvement."

"No single authority would have power to remove a child from his home. The effect of anyone attempting to exercise petty malice or resentment in sending a child to a twenty-four hour school would result probably in some unfortunate outcome for the individual. There should be no stigma attached to the school should any city wish to try it."

Italian Monarch Observes Birthday

ROME, Nov. 11.—UP—All Italy celebrated the 60th birthday today of King Victor Emanuel, III. Troops marched in Rome, schools were closed, streets were decked with flags, and tonight public buildings and several of the larger city fountains were illuminated.

Survivor Of Great Lake Storms

TWELVE MEN were lost and 60 rescued in the sinking of the S. S. Wisconsin in Lake Michigan. This photo shows Fred Treuber, a deckhand, in St. Catherine's hospital at Kenosha, Wis., with broken arm as result of tragedy.

WORK PROGRESSING ON GAS LINE FROM KETTLEMAN HILLS

Work is progressing rapidly on the Pacific Gas and Electric company's San Joaquin Valley natural gas transmission main. Crews have started the laying of pipe at two points, one in the vicinity of the Kettleman Hills oil fields paralleling the company's coast line, and the other at a point in the vicinity of Mendota. Both crews of approximately 150 men each will work north and it is estimated that the new feeder line will be completed on or about March 15.

When this valley line is completed there will be in northern California, 800 miles of gas transmission main and approximately 6,000 miles of inter-connected distribution main, making what is said to be the largest inter-connected distribution system in the country.

Two powerful trench machines, each capable of excavating a trench 4,000 feet long in eight hours, are digging their way up the valley.

151 Miles Long
This new transmission line will be made up of sections of pipe, 40 feet in length, and each section will be electrically welded. The installation of this valley line calls for large expenditures. \$8,169,281.00 will be spent for the laying of 840 feet (159 miles) of 22 inch high pressure main from the Kettleman Hills compressor station via the west side of the San Joaquin valley to Vernalis, thence westerly through Patterson Pass to a point due south of

Greenfield and due east of Livermore. This location will become a junction point with regulators and motors installed. From this junction Mission San Jose to Milpitas and 27,000 feet (52.3 miles) via San Ramon valley and Muir to San Pablo.

\$8,169,281.00 will be expended for the laying of 442,400 feet 80 miles of 16 inch high pressure gas transmission main, tapping the 22 inch valley main at Vernalis and extending to Sacramento via Manteca, Lodi, Galt and Elk Grove.

Serve 100 Towns
In making this announcement, A. F. Hockenheimer, president of the company said:

"The company is not planning to serve natural gas to large centers of population and industry, but is preparing to bring the benefit of this cheaper fuel to substantially the entire territory served by it."

"More than 100 communities will be reached by the company's natural gas mains within the next twelve months."

"The first deliveries of the pipe have been made along the right of way, practically all rights of way have been secured and installation is proceeding rapidly giving much employment to local labor."

Bandit Who Wrecked S. P. Train Trained

(Continued from Page 1)
sleeping cars, forcing Conductor Otis French to accompany him. Engineer R. C. Ball who was the only person injured, was reported recovering from a scalding suffered when he was pinned in the overturned engine.

Capt. J. H. Stewart, conducting the search for the sheriff's office said he believed the bandit had headed north, either by rail or by obtaining a ride on a passing truck. While some passengers declared there were two bandits, Stewart was convinced that there was only one.

He believed that there was some connection between the wreck and the attempted derailment of the Southern Pacific Lark on the Coast route, near Santa Susanna, last Friday. In each case a rail was loosened, but the Lark passed over the point safely. Two rear bear bottles pushed into the dirt near the Swings derailment tools from a loaded shed, fish plates from which connecting bolts had been removed and spikes taken from the rail all indicated that the wreck had been planned deliberately.

Seven Arrested
Seven persons were arrested in Hollywood and the Sangu district today, but all were released after brief questioning. Two men and two women were taken into custody in Hollywood on a tip received by a deputy sheriff from a friend; but they were not detained long.

Two motorcycles bearing Arizona license plates were found abandoned in a garage near Santa Ana late today. Investigators said the machines had been left in the garage some hours before the wreck and had not been called for. An attempt to trace the owners was being made.

BILIOUSNESS RELIEVED QUICKLY
This Purely Vegetable Pill quickly starts the bile flowing, gently moves the bowels, the poisons pass away, the sour and acid stomach sweetens, and biliousness vanishes. FOOD SHIPS FOR WARRING NATIONS URGED BY HOOVER

(Continued from page 1)
problem that it would not be a part of the conference, as has been proposed.

He revealed that he considers the freedom of the seas problem as lending itself readily to solution once machinery has been perfected for peaceful settlement of international difficulties.

"In reality in our day it is simply the rights of private citizens to trade in time of war, for there is today complete freedom of the seas in time of peace," he declared.

War Hit
"If the world succeeds in establishing peaceful methods of settlement of controversies, the whole question of trading in time of war becomes a purely academic discussion. Peace is its final solution."

The suggestion about food ships was brought forward by the president for the first time since Woodrow Wilson made it one of his famous "fourteen points."

The president declared that removing food ships from interference in time of war "would act as preventive as well as mitigation of war."

"I offer it only for the consideration of the world," he said.

He pointed out that it would be an influence in lessening need for convoys, declaring that "protection for overseas or imported supplies

had been one of the most impelling causes of increasing naval armaments and military alliances."

"For many years, and born of a poignant personal experience, I have held that food ships should be made free of any interference in times of war," the president said. "I would place all vessels laden solely with food supplies on the same footing as hospital ships."

Throughout his speech, the president emphasized the meaning of "preparedness for peace," pointing out that "peace is not a static thing," that "to maintain peace is as dynamic in its requirements as is the conduct of war." Likewise, he reiterated his desire for further naval reductions.

"We will reduce our naval strength in proportion to any other," he said. "Having said that, it only remains for the others to say how low they will go."

Pledge Made
The president pledged his administration to redeem the nation's promise to the dead and wounded of the World War that their sacrifices would "help bring peace to the world."

Reminding the nation of "the high purpose for which we entered the war," the president said that although the outlook for a peaceful future is more bright than for a half century past, the world still endures "unarmed peace."

"The men under arms, including active reserves, in the world are almost 30,000,000 in number, or nearly 10,000,000 more than before the great war," he said.

Battleships Decreased

"Due to the Washington arms conference and the destruction of the German navy, the combatant ships of the world show some decrease since the war. But aircraft and other instruments of destruction are far more potent than they were even in the great war. There are fears, distrusts, and moldering injuries among the nations which are the tinder of a century during all the ages of human experience warrant the assumption that war will not occur again."

The great task of statesmanship today, he declared, is to achieve peace without sacrifice of independence or those principles of international justice which are the foundation stones of civilization itself.

"This road required preparedness for defense; it equally requires preparedness for peace," Mr. Hoover said.

Rules Needed
Our department of state would be strengthened and supported as a great arm of our government, "dedicated to the organization of peace."

"We have need to define the rules of conduct of nations and to formulate an authoritative system of international law."

"We have need, under proper reservations, to support the world court."

"We are interested in all methods that can be devised to assure the settlement of all controversies between nations."

Broadcast Made
The president's address was

broadcast over a chain of 32 radio stations. By special arrangements of American Legion posts throughout the land, hundreds of thousands of war veterans gathered about loud speakers in every Legion headquarters to hear the address.

"The men who fought know the real meaning and dreadfulness of war," the president said to his unseen audience. "No man came from that furnace a swashbuckling militarist. Those who saw its realities and its backwash in the sacrifice of women and children are not the men who glorify war. They are the men who pray for peace for their children."

Important as are the Kellogg pact and other recent treaties as steps toward world organization for peace, the president said the persistent development of good will and confidence between the peoples of the world still must be the transcendent aim of diplomatic relations.

CURTIS URGES PREPAREDNESS A FACTOR FOR PEACE

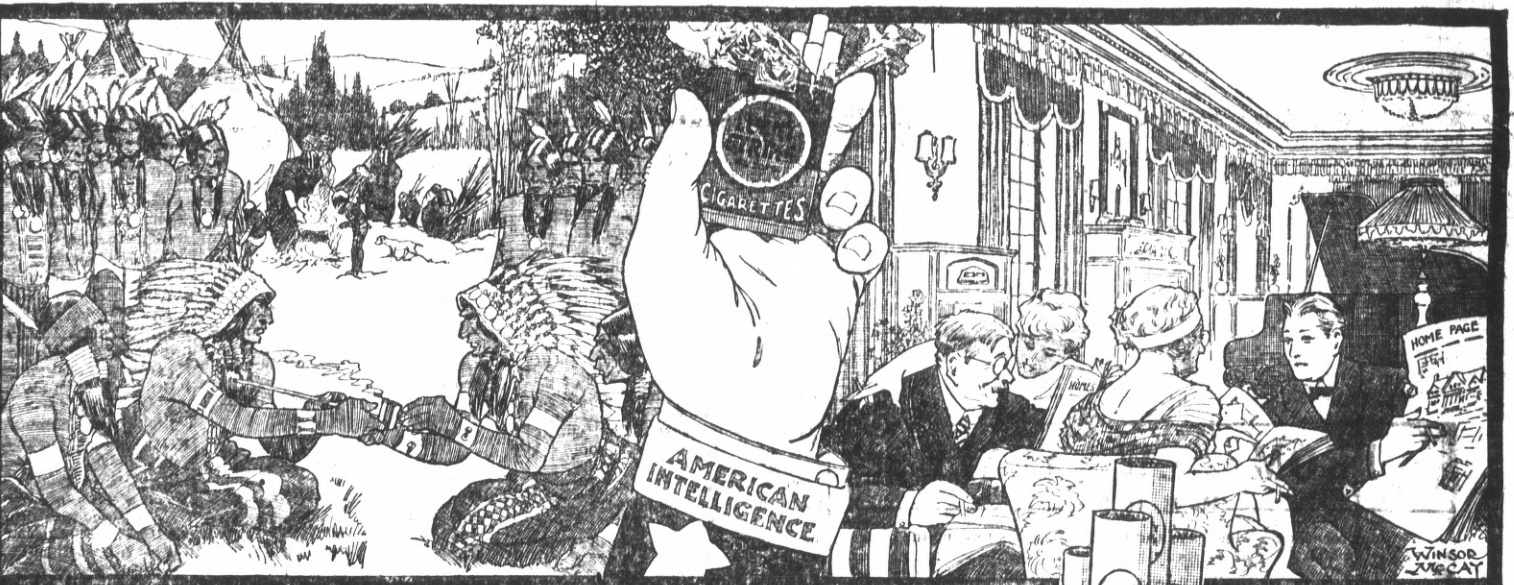

(CHICAGO, Nov. 11.—UP)—The World War in itself was sufficient cause for permanent world peace, Charles Curtis, vice-president of the United States, said here today in a speech which climaxed Armistice Day celebrations in the middle west.

Curtis spoke in the gigantic Soldiers' Field stadium, built as a memorial to those Chicagoans who lost their lives in the conflict which ended 11 years ago.

"On this day in 1918," said the vice-president, "tongues babbled joyfully hysterically, tearfully, wildly, there was incoherent talk in every tongue on both hemispheres; on land and sea and above and below both. And all the incoherent words summed up were 'this is Armistice Day.'"

Women Have Something to Say! AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE has ridiculed into oblivion that ancient prejudice which excluded women from a voice in council. Today, in millions of homes, the delicious flavor of LUCKY STRIKE fills the room as the family group respects the opinion of its women folk.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night—over a coast-to-coast network of the N. B. C.

© 1929, The American Tobacco Co., Inc.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

\$2300 Saving on the Hamilton Beach Vacuum Cleaner

Lightweight — Balanced — Easy to Carry
Was \$2400.00, now \$2100.00. Saving made by eliminating factory-trained sales supervisors and agents. Rapid sweeping, thorough beating, powerful suction. Cleans the heaviest rugs and leaves the nap like new. Motor—large and powerful—runs smoothly on ball bearings and never needs oiling. Easily operated—no dials without effort. We shall be glad to let you try this cleaner in your home or on our store demonstrating stand. No better cleaner is made. We respectfully invite comparison.

THE WEEPING MUSE

IS Modern Industrialism about to deal the Art of Music the saddest blow of its history? To blame Machinery as an instrument of Decadence may seem startling, but it is true that the Machinery in the form of Canned Music is elbowing Real Music out of motion picture theatres, thus denying to the masses the cultural influence of a Fine Art. Surely, if machine-made music displaces the artist in thousands of instances, the incentive for any individual to improve his talent—so necessary in all art—is minimized and music can no longer hold the cultural value that it has possessed. Any art is dependent for its progress upon the number of its enthusiastic exponents. Do you, Mr. Reader, find the pleasure in Mechanical Music that you do in Real Music? If you believe that Real Music should be saved to the masses who attend Motion Picture Theatres make your opinion known to the manager of your favorite theatre. Very likely he will appreciate your frankness for he wants to please his patrons.

THE AMERICAN FEDERATION OF MUSICIANS

BEARS, HUSKIES WILL MEET SATURDAY

BERKELEY, Nov. 11.—Washington's Husky football team, battered, badgered at every point on an arduous schedule, but far from being counted out, comes to Berkeley next Saturday for a final fight at the Golden Bear of California.

And these same Bears, now the top notchers of the Pacific coast conference, are wondering what the invasion holds in store for them. Plenty of fans, it is expected, will be wondering the same thing before the week is out.

For the average fan, next Saturday's tilt at the California Memorial stadium holds two features:

Baseball Re-opens

One—Enoch Bagshaw, coach of the Huskies and storm center of the current season, has announced his resignation. Saturday's game will be his last on the Pacific Coast as a Washington coach. Bagshaw is not one to fade out meekly under such circumstances, and it seems reasonable to suppose that his exit will be a fiery one. During his 19 years of coaching, "Daggy" must have evolved trick plays he never quite dared to use. Every coach does that. Why isn't it reasonable to suppose that he will turn the tricking inside out next Saturday, since he has already announced that his team will be pointing for California?

Two—the Golden Bear varsity that defeated Penn and overwhelmed Southern California will be seen in action in Berkeley for the first time since they met and defeated Washington State on October 12 more than a month ago. The strong second varsity has played the other home games in that interval.

For the Huskies, Morle Hufford, sophomore halfback, is expected to shine. Hufford's open field running, passing and kicking have been among the bright spots in the Washington season. Hufford will probably face Ed Griffiths, aggressive California back who is by way of being a sophomore sensation himself.

In Game
Other backfield luminaries for California will be Ben Lom, half and Lee Eisan, quarter, playing their last game against Washington and "Rusty" Gill, sophomore fullback, among the stars of the California-Southern California game.

Johnny Geehan, versatile Husky quarter, will probably be calling the signals for his team, with Thurlie Thornton, half, and Chuck Rosehan, full, on the starting lineup.

Saturday's game from the standpoint of attendance as well as importance, is expected to prove one of the outstanding contests on the Berkeley schedule. The arrangement of the Bears' program this season has placed most of the large games in out-of-town stadiums. The Pennsylvania game, a close to sell out affair, the U. S. C. game, a complete sell-out, and the coming Big Game with Stanford, which has been sold out for some weeks, are the three major games which the average Bay region fan could not be privileged to see. With the St. Mary's game early in the season, which drew an almost sell-out crowd to the California Memorial stadium, this Saturday's game is regarded, locally at least, as the high spot of the home schedule. Forty-five thousand or more fans are expected to attend.

TROJANS WILL MEET IRISH SATURDAY

CHICAGO, Nov. 11.—(U.P.)—The fighting Irish of Notre Dame, bringing with them visions of a national title, come into Chicago to play Southern California this week end. Before Saturday's sun goes down they hope they will have hurdled the most difficult obstacle now in their path.

The Irish are convinced they can beat any team in the country and believe that if they go through the season undefeated, they will annex the mythical title beyond all doubt.

Until the Trojans met California, the game here Saturday was looked upon as a pivot point for the championship. Southern California went along in great style, even knocking over an exceptionally good Stanford team and Notre Dame really hasn't been extended yet.

But California snuffed out the Trojan hopes for an undefeated season. Notre Dame has beaten Indiana, Navy, Wisconsin, Carnegie Tech, Georgia Tech and Drake.

Notre Dame may or may not be without the services of Knute Rockne, its coach, again Saturday, his secretary said today that physicians are still undecided as to whether he will be allowed to make the Chicago trip.

Meanwhile, the team is being handled by coach Tom Lieb.

The game appears to be a battle between a heavy Southern California line and the slowness of those fast Notre Dame backs. The California line averages better than 200 pounds. The great number of good backs which it owns has enabled Notre Dame to give each man plenty of rest during the game. The Irish have at least ten good backs.

San Pablo Wins From Florists

The San Pablo baseball team, staging a five run rally in the eighth inning, defeated the Haystack Florists of Alameda Sunday by a score of 10 to 5.

UP until the eighth inning, the score was tied five and two.

Bal went the full route for the Pabians and pitched first class baseball.

The linescore:

San Pablo	10
Florists	5

Batteries: Ball and Rogers; Wright and Samsel.

State Leads In Felon Population

SACRAMENTO, Nov. 11.—(U.P.)—California, with an estimated population of 6,000,000, has 7,379 inmates in her prisons and correctional schools, while Canada, with 11,000,000 population, has only 6,500 persons in its reform schools and prisons.

These figures were disclosed here by Earl E. Jensen, director of the state department of institutions, in a report to Governor Young.

"The kingdom of Sweden, with an estimated population of 4,987,520, has but 1,935 persons confined in prisons or other penal institutions, and several pri ones are reported to have been closed for lack of "patronage," said Jensen.

This would give the proportion of .032 per cent for Sweden, .059 per cent for Canada, and .123 per cent for California.

READ IT FIRST IN THE RECORD-HERALD

One minute to play. Then occurred a freak play in the California-Penn battle that almost gave the scrappy though inferior Red and Blue a victory over the giant Golden Bears from Berkeley.

Twelve to seven was the score against Penn. a touchdown for them meant the game. Coach Lou Young sent in his best sprinter, back, Carlsten, who dropped back to his 10-yard line prepared to pass. The Bears made no effort to pass the receiver, so they spread to throw the ball and delayed

Gael, Bronco Frosh Elevens Play Tie Game

SAN FRANCISCO, Nov. 11.—UP—Freshmen football teams of St. Mary's and Santa Clara battled to a 6 to 6 tie here today.

The Saints scored in the first quarter when Beasley broke through right guard and ran 10 yards. In the next period Fullerton of Santa Clara passed six yards to Slavich, who caught the ball over the goal line.

Neither team had been defeated in competition this year.

Kern County High Gridders Beat Phoenix

BAKERSFIELD, Nov. 11.—UP—Led by Lum, a little Chinese backfield ace, Kern County Union high school football team ploughed through the Phoenix Ariz. high gridders here today for a 21 to 7 victory.

Lum smashed out two touchdowns for the Bakersfield team, and Stockel made the third.

Captain Clarke gave Phoenix its only touchdown.

The game was the principal attraction on the Armistice day program here.

Motors Nine Wins Contest

The Thomas Motors baseball team Sunday defeated the San Leandro nine by a score of 17 to 5 at the local diamond.

The locals collected 23 hits, including two home runs, and were never in danger.

The linescore:

Motors	17
San Leandro	5

Batteries: Campagna, Hurst and Horreani Jensen; Schnapp, Navier, Kardoza and Vargas, Lewis.

Football Players Injured When Tackle Dummy Frame Falls

LINCOLN, Neb., Nov. 11.—UP—A dummy frame made of lumber eight inches square collapsed today when two Nebraska university football tacklers lunged viciously at the sawdust dummy, and Arden Peterson, reserve player, was pinned to the ground, his chest crushed.

Physicians said Peterson's condition was serious but that the apparent absence of internal injuries was favorable to his recovery. Marion Broadstone, the other tackler, rolled to one side and was only slightly hurt by the falling timber.

Keep Car Lights Properly Adjusted

Headlight adjustments, even on the best of cars, are not permanent. The constant vibration causes the finest type of mechanism to become loosened and changed in position. This simple means that they should receive periodic inspection to maintain a satisfactory type of service.

FREAK FOOTBALL PLAYS

one. This was a nifty curiosity. Pretending to kick or pass down, No 2 back took the ball on a short pass from center and as the right end faked going down under the kick he turned to the right and took a flat pass from No. 2. The pass came true and the field was open, but the end dropped the oval.

However, had Carlsten continued to follow up his 45-yard run, the fake pass and run instead of passing, there might have been an upset in Philadelphia. The athlete's phobia finish. Maybe the lone spectator who sat high up in the stands bitterly crying "to himself" after the game thought so too.

LEGION ELEVEN DEFEATED BY ALAMEDA

After holding the Alameda post American Legion on even terms during the first half, Richmond post gridgers, fighting a losing battle against a heavier and more experienced team, dropped a close game Sunday at the Neptune beach stadium. The final score was Alameda 7, Richmond 0.

During the first half, the teams played close football with little advantage on either side, but in the third quarter, Alameda's superior strength became evident, and the island team scored the lone touchdown of the game. The score came shortly after the opening of the second half when a series of runs, bucks and passes brought the ball to Richmond's one yard line. Here Richmond held their opponents for three downs, but on the last down, Finerney bucked the ball over. Burns converted.

A substitute Johnny Corrado, sent in shortly after, nearly saved the day for Richmond, by breaking through the line time and again for long gains. Richmond's frantic offense was finally checked, and the ball was kicked to mid-field by the Alameda squad.

Here had breaks and a faulty ruling by the referee, who imposed a 40 yard penalty on the local boys, put the ball on the Richmond one yard line. Unable to overcome this handicap, the Richmond team kicked the ball to mid-field and the game ended shortly after.

GAELS DEFEAT BRONCO ELEVEN

In a battle Sunday between an unmovable object, representing Santa Clara, and in irresistible force, portrayed by the Galloping Gaels of Saint Mary's, the irresistible force proved the stronger and St. Mary's won 6-0.

For three quarters the Broncos fought a steadily losing battle, but managed to hold the Saints scoreless. In the last quarter, with but 10 minutes left to play, a substitute, Vincent, romped out onto the field, reported to the referee, snared a pass from Stenett and raced to the Bronco's goal line for the lone score of the game.

The game was largely a battle of the two opposing lines, but in the last quarter the Moraza college's superior weight began to tell, and the touchdown resulted.

LOCAL TENNIS CLUB LOSES MATCH

The Bushrod Tennis club of Oakland defeated the Richmond Tennis club Sunday six matches to five at Oakland.

The Bushrod club won two of the doubles matches to take the victory.

The results:

J. Hurley (R) d. Fred White	6-4, 6-5
Carl Peterson (R) d. Clark Grove	6-4, 6-2
Al Connolly (B) d. Jack Murdock	6-4, 6-11, 6-2
Harvey Robins (B) d. W. Regalia	6-1, 6-2
Phil Carlin (R) d. Lew Elgood	6-2, 6-4, 6-4
Jack Steinbach (B) d. W. Kruger	2-6, 6-4, 6-2
P. Childs (R) d. Clarence Johnson	6-2, 10-8
Howard Elgood (B) d. A. S. Remell	7-5, 6-2
Carl and Peterson (R) d. L. and H. Elgood	6-4, 2-6, 6-2
Whiteside and Connolly (B) d. Murdock and Regalia	6-4, 6-4
Robins and Johnson (B) d. Hurley and B. Peterson	6-2, 8-6

Oklahoma Aggies, St. Louis Gridders Play Scoreless Tie

STILLWATER, Okla., Nov. 11.—UP—An Armistice day football game here between the Oklahoma Aggies and St. Louis university ended in a scoreless tie. In the fourth quarter the Oklahomaans worked the ball to within four yards of the St. Louis goal with a series of rapid passes, but were unable to carry it over.

Colorado Teachers Lose Grid Contest

PROVO, Utah, Nov. 11.—UP—Brigham Young university defeated the Colorado Teachers, 25 to 13, in an Armistice day football game here today.

Exhibiting a flashy offensive and combining straight football with aerial attacks, Brigham Young easily outplayed the visitors, crossing their goal line two times in the first period.

Montana State Beats Wyoming

SHERIDAN, Wyo., Nov. 11.—UP—Held scoreless through three periods of hard fought plays, Montana State college opened up with a brilliant offensive in the final moments of the game to defeat the University of Wyoming, 12 to 0, here today.

ARMY DEFEATS NAVY ON GRID

MEMORIAL STADIUM, Berkeley, Nov. 11.—UP—Army defeated Navy, 6 to 0, in the annual Armistice day football game between service men of the Pacific coast which was attended by 55,000 persons here this afternoon.

The game and parade of uniforms that preceded it was the Armistice day feature of northern California.

Early in the third quarter Gantz, Army fullback, passed 12 yards to Jones, an army substitute who ran 18 yards for the only touchdown of the game. Army had outclassed its opponents until that time but Navy held the upper hand from then until the final gun.

Navy charges at the goal in the fourth quarter were always stopped by incomplete or intercepted passes, however. The feature of play by the Navy was a 61 yard run by Lefebvre.

The West Coast Army eleven went inside Navy's five yard in the first quarter but was held there.

SOCCER CLUB PLAYS TIE

The Richmond Soccer club played the strong Oakland Hawks to a 0 to 0 tie Sunday at Oakland.

As the Oakland team is composed of senior members of the soccer league, Richmond's achievement is regarded in the light of a "moral victory."

Richmond actually outplayed the strong Oaklanders, having been in their territory more than half of the game.

The Richmond lineup included: Jester, Bracco, Thompson, Baker, Lems, Urquhart, Fawins, Prouse, Brain, Long, Hood.

Bates College Wins Maine Grid Title

WATERVILLE, Me., Nov. 11.—UP—Bates college today won the state of Maine championship by defeating Colby college 7 to 6 before a crowd of 10,000 persons.

Local Boxer Gets 2 Month 'Vacation'

According to an announcement from Sacramento, Leroy McGrue, local boxer, has been suspended for two months for nonappearance.

HIGH GRIDDEES PLAY UKIAH SATURDAY

The grid season at Richmond Union high school will end Saturday when the local high school gridders clash with the Ukiah High squad on the Ukiah field.

Coach Ivan W. Hill is expected to take his squad in full force to the Mendocino county town.

The local boys are hoping for better luck than they met at Lodi when they were defeated 32 to 6 by the sensational Lodi high school grid team. However, the local gridders believe that this lapse was not permanent, and are confident that Richmond high will make a stronger showing at Ukiah than Lodi.

According to officers of the Richmond Union High Students' association a record crowd of Richmondites will migrate to Ukiah to view the final grid spectacle of the local high school football season.

State Leads In Felon Population

SACRAMENTO, Nov. 11.—(U.P.)—California, with an estimated population of 6,000,000, has 7,379 inmates in her prisons and correctional schools, while Canada, with 11,000,000 population, has only 6,500 persons in its reform schools and prisons.

These figures were disclosed here by Earl E. Jensen, director of the state department of institutions, in a report to Governor Young.

"The kingdom of Sweden, with an estimated population of 4,987,520, has but 1,935 persons confined in prisons or other penal institutions, and several pri ones are reported to have been closed for lack of "patronage," said Jensen.

This would give the proportion of .032 per cent for Sweden, .059 per cent for Canada, and .123 per cent for California.

ANNIVERSARY OF ARMISTICE OBSERVED

(Continued from Page 1)
The gathering, led by Lud Johnson, Rev. H. I. Oberholzer delivered the invocation and Mrs. James Stuart sang a patriotic selection. The singing of the "Star Spangled Banner" and the pronouncing of benediction closed the program.

One of the main addresses on the program was by Mayor A. L. Paulsen, who made a plea for tolerance, declaring that this leads to everlasting peace.

Mayor Paulsen said:
"He would be an unappreciated American citizen who would not feel honored in being granted the privilege of addressing a patriotic gathering of this character on such an occasion—to celebrate the eleventh anniversary of the signing of the Armistice."

Lauds Veterans
"He would be a poor patriot if his heart did not swell with pride at the opportunity of greeting on this occasion the representatives of the American Legion, the Spanish American War Veterans, Veterans of Foreign Wars and all the other stalwart American citizens who are assembled here today to celebrate a commemorative event which I believe to be as worthy of celebration as Independence Day."

"He would be derelict in his patriotism if he could not thrill at the chance to express appreciation to these men who fought on the battlefields of France and offered their lives in the cause of right."

"More words of mine cannot but fail to express their deserving praise."

No Empty Victory
"I have a personal knowledge of the pangs of war—
"I had a brother in France, who left a mother at home, and I shall never forget the day of that separation, and I shall never forget the day of his triumphant return."

"I therefore feel that I have a right to join the mighty hosts who have gathered in America today, in thanking 'Almighty God for the Armistice and the victory of the American arms."

"But let us not make of this an empty victory!"

Lesson Seen
"Out of that suffering—those heart pangs—that horror, let us learn the lesson it taught."

"You who are here today well know the cause of war."

"When nations are governed by envy, jealousy, hatred, suspicion, intolerance and world domination, war is a natural result."

"Many of these vices are prevalent in our personal every day life. Unfortunately in the practice of these vices, we pass on to our children a heritage unworthy of any good American citizen. And there is no truer saying that: 'As is the individual, so is the nation.'"

Lauds Citizens
"But, thank God, most of our American citizens are seeing the error of this false and pernicious reasoning, and I believe that each day the American people are becoming more charitable, more tolerant and more just."

"I believe that through this awakening our beloved country will not engage in another war, if it is possible to prevent it."

"Then let us lead the world in tolerance."

"I would not want to complete my remarks without a reference to my thought of the last great war, in conjunction with intolerance."

Americans All
"When the fighting was at its height, and every person in America was waiting for news from the front, did any one object because a negro or a Chinaman was doing some of our fighting for us?"

"Did anyone complain because the Jews, the Catholics, or the Protestants were going over the top to fight for your country and mine?"

"No! You yelled your lungs out when all these Americans were in battle—You loved them for their valor, and you cheered them to the echo when they returned."

"Now that the years are passing, let us not forget those brave hearts of every creed and color who fought for us in those dire days preceding the signing of the

Peace Programs Presented At Local Churches

A pause was made in the church loyalty crusade Sunday by the Richmond churches to offer thanks for the peace which came to the world 11 years ago. Armistice Day was the theme of practically all the pastors, and veterans of the wars in which America has been engaged in were honored at the churches.

At the evening service of the St. Edmund's Episcopal church, Rev. H. I. Oberholzer discussed the meaning of Armistice Day.

Rev. H. I. Oberholzer, at the morning service of the First Methodist church, built his sermon around the theme of a dramatic contest between a prophet who had the blues, and a weak man ruled by a strong woman. Mrs. Marion Kylock, Mrs. Daisy Jenkins, and Mrs. Jane Stuart were guest artists at the service.

Pulpit guests of the Presbyterian church in the morning were Adam Shriver, Civil War veteran, Theodore Kaplan, veteran of the Spanish American war, and S. S. Roppley and Dr. Lowell R. Sears, World War veterans and the latter commander of the Richmond Post of the American Legion.

In the evening, Rev. A. Alden Pratt and his choir exchanged places with Rev. W. R. Gillespie and his choir from the Calvary Presbyterian church of Berkeley. Rev. Pratt delivered his sermon at the Berkeley church, and the Berkeley pastor officiated at the Richmond services.

At the evening services of the Wesley church, a religious drama, "When Jesus Loved," was given. The cast was: Salome, mother of John, Mrs. Alfred Blomquist; Mary, mother of our Lord, Mrs. Arthur Stribley; Elizabeth, Jewish maiden, Mildred Cuthbertson; John, beloved disciple, J. W. Thompson, and Elias, the head shepherd, M. H. Williams.

Songs were rendered by Geraldine Ripley, Miss Ethel Vestal, and Miss Francis Freethy.

A surprise program was offered at the First Baptist church, by a gospel team of six young students from the Baptist Divinity school of Berkeley.

At the Stege Presbyterian church, the church loyalty program was carried out.

The young people of the First Christian church were addressed at the evening by Dr. Lowell Sears, commander of the Richmond Post American Legion. His speech was on "Uprooting the Causes of War."

Auto Damaged By Fire In Wreck

Fire caused by an automobile accident on Cutting boulevard on Sunday was extinguished by engine No. 4 of the Richmond Fire department.

According to police reports, an automobile belonging to Jacob Burgeon, of 435 South Second street, was struck from the rear when it stalled, by a machine driven by J. H. Dolan of 219 South Fourth street. Burgeon's car caught fire, but no one was hurt, and the fire was rapidly brought under control.

Lauds Citizens
"Each of them is a creature of God, no better nor worse than you or I."

"I charge that tolerance will defeat the necessity for another Armistice."

"Tolerance, my friends. Let us make it the great American slogan!"

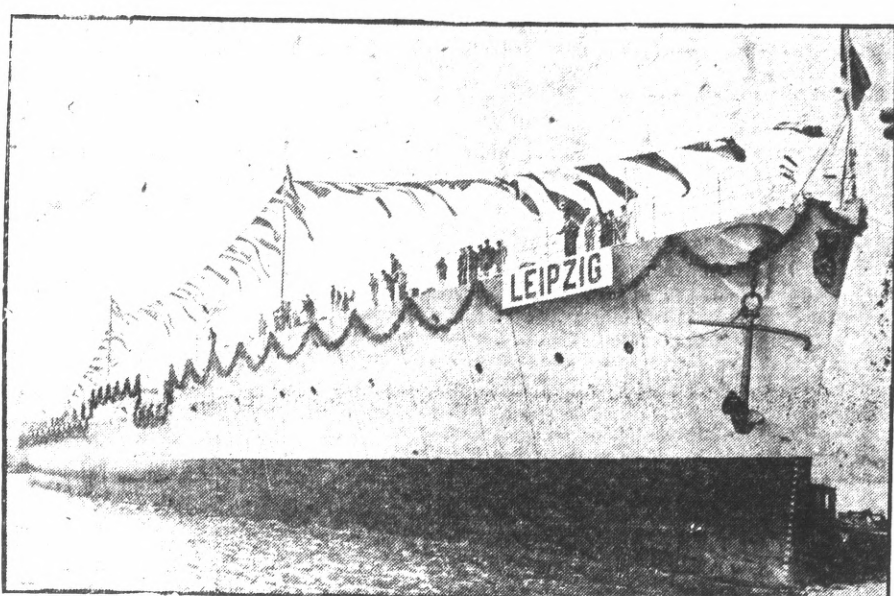

Sturgis Talks
Eugene K. Sturgis, Oakland city commissioner, was another speaker on the program. Sturgis lauded the veterans for their great work and made a plea for preparedness. He declared that preparedness is the price of peace.

Sturgis commended the work of veterans bodies of the United States in obtaining legislation on behalf of their wounded buddies.

Ralph Wood, president of the Allied Veterans Council, was chairman of the day. Councilman George Imbach and W. W. Scott represented the city council at the program.

Richmond's celebration was one of the most complete in the bay district. This was the only city in the bay region that closed its stores during the anniversary program.

Germany Launches Cruiser

HERE'S the new German cruiser Leipzig, just after it tasted water for the first time after launching at Wilhelmshafen, Germany. The ship was decorated from stem to stern with bunting and other decorations. It will be one of the speediest cruisers afloat.

Press Tradition

EVEN GRAND JURY couldn't make these reporters reveal location and owners of 49 speakeasies in Washington, D. C., about which they had written news stories. They were sentenced to 45 days in jail each for contempt. The reporters (left to right) Gorman Hendrick, Jack Nevin and Linton Burkett, contended that the information had been given them in confidence.

RED CROSS CAMPAIGN FOR FUNDS GETS UNDER WAY

(Continued from Page 1)
go ahead with the Red Cross program for the next year.

George A. Rader, Roll Call chairman, is broadcasting an appeal for a few more workers among the women of the community to assist in the campaign. The quota of workers for a few districts has not been completed and it is urged that any women who can volunteer some time for the cause, get in touch with Mrs. E. L. Scofield, or report to headquarters at Twelfth street and Macdonald avenue.

Mrs. Scofield Aids
Mrs. E. L. Scofield, has been prominent in welfare organizations around Richmond circles and for the past few years, has been an ardent Red Cross worker.

Mrs. Nina Vickery, another prominent Richmond woman, was the first to respond to the appeal and has been assigned captain of district No. 11.

The American Red Cross desires to inform the public that there is no connection between the Red Cross and the anti-tuberculosis seal sale conducted later in the year.

Dobovich First
Last week Mr. and Mrs. Dobovich appeared at the headquarters and secured the honor position as first name on the membership lists, which they have had in years past.

The actual first membership, however, was taken out by W. J. Finck of the Standard Oil company, who forced his donation on Rader several weeks ago. Rader failed to turn it in promptly, however, and it did not secure first place on the book.

The members of the Richmond Scavengers company, came in 100 percent while it is reported that other firms and groups will bring in complete membership.

Vet Leader Urged All To Aid Red Cross

The American Red Cross in its annual Roll Call for the renewal of memberships should appeal especially to those men and women of the nation who have worn the uniform of our country in the service of her defense.

On the battlefield, in the hospital, on land and sea and in war and peace the Red Cross has ever signified unselfish and loyal devotion to the welfare of all service and ex-service men.

With a full appreciation of the service rendered by the American Red Cross both locally and nationally and with hope that Richmond chapter will have no difficulty in reaching her quota of members and will raise sufficient funds for her program for the coming year, I would strongly urge every ex-service man and every good citizen to reunite again with the Red Cross and to donate to the cause to the best of each one's ability.

(Signed) RALPH A. WOOD,
President Allied Veterans Council.

Oil Poured In Radiator Gives Poor Results

HOLLISTER, Nov. 11.—(U.P.)—Wheezing and grating and grinding, an automobile was brought to Vick Jensen's garage for repairs.

A mechanic tore down the rear end, and found it to be full of rust.

"For Pete's sake, why don't you put some grease in now and then?" he indignantly asked the owner.

"Oh, I do! I do!" replied the visitor. "See that little pipe in front there? I pour him full of oil nearly every day. My car, he's got lotsa oil."

The mechanic nearly fainted. The motorist thought the radiator was his oil tank, and had been filling it with oil.

Harbor Lodge Confers Degree

The second degree was conferred at a meeting of the Harbor Lodge last night, with E. M. Milner presiding. Plans were completed for the conferring of the third degree next Monday.

FALL SENTENCE MISTAKE SAYS JUROR

EL PASO, Tex. Nov. 11.—(U.P.)—A member of the Washington jury which convicted Albert B. Fall, former secretary of interior, of accepting a bribe, "confessed" he had made "a terrible mistake," Mrs. Fall announced here today.

Mrs. Fall said Daniel Weisbach, of Washington, jury member, told her that the whole jury was influenced in its decision by the arguments of Foreman Thomas E. Morris.

After the verdict, Mrs. Fall said Weisbach went to the Fall apartment in Washington and begged "forgiveness" for voting to convict Fall on the bribery count, a development of the oil scandals of a few years ago.

"Quisbach said he was filled with remorse because of his terrible mistake," Mrs. Fall added. She said Weisbach told her the first ballot stood seven for acquittal, three for conviction and two not voting. The second ballot, she said, was nine for acquittal and three for conviction.

Norris then started his argument to convict Fall, his wife said Weisbach told her, and the other jurors finally swung to his support.

Fall was sentenced to one year in prison and fined \$100,000. He is now at liberty on bail, pending action on an appeal.

Calistoga Resorts Swept By Fire

(Continued from Page 1)
the Toll House.

Although Calistoga is only two miles below this point, it was believed that the fire area burned around the town last fall, might check the flames.

At a late hour tonight, several hundred acres of brush and some timber, had been destroyed by the fire. No one was injured, it is believed.

Turks May Win Right To Vote

ANGORA, Turkey, Nov. 11.—(U.P.)—President Mustafa Kemal Pascha, who has taught his people how to write Latin characters and adopt western manners, now believes they should all have the right to vote. His government submitted a bill in the national assembly, which, if passed, will make universal direct suffrage operative in the next legislative elections.

Realtors Urged To Get License

The California Real Estate magazine announces the advisability of early application on the part of real estate brokers for license for the coming year for themselves and salesmen to insure delivery before the first of the year. The present license expires Dec. 31, and until the new one is received the law does not entitle one to practice the real estate business.

The 1929 amendments to the real estate act provide that banks, title companies, escrow holders, and others, are not allowed to pay commission out of escrow except to a duly licensed person. Unless the proper evidence can be produced the commission will not be paid. Therefore, those neglecting to procure their license at an early date will find themselves in the position of being unable to collect any commissions for their services.

The State real estate department has announced that it will be possible to have in the mails prior to Jan. 1, the license of those who apply at an early date.

Realty Board To Celebrate 26th Birthday

The California Real Estate association will begin its 26th year of service to real estate with an all day session of its statewide board of directors at the Biltmore hotel, Los Angeles, Saturday, Jan. 4, 1930. The feature will be the inaugural luncheon at noon, when William Howard Daum, industrial realtor of Los Angeles, newly elected president, will be sworn into office. The state real estate commissioner, Stephen Barnson, will be invited to deliver the oath of office to the new leader. Thereafter will follow the inaugural address of the new president, and its keynote will deal with developing new factories and new payrolls for the State of California from Humboldt bay to the harbor of San Diego, from the Siskiyous to the sunken gardens of the Imperial valley.

Invitations will be extended to leading business men to attend. The directors will convene at 10 p. m. to gear up the business of the year and the old and new directors will lay in session until adjournment in the afternoon.

James Bradley Clayton, president, who was inaugurated a year ago in his home city, San Jose, will preside at the business sessions preceding the induction in the office of his successor.

The Montebello Realty board, in the heart of the southland's industrial district, is the first to make reservations for the inaugural luncheon, taking a table of six.
